WELCOME TO COZUMEL

COZUMEL

Located in an intimate paradise in front of the Marine Park “Cozumel Reefs”, the second largest reef system in the world, on a wide white sand beach, Presidente InterContinental® Cozumel Resort & Spa offers a unique peacefulness, where culture and its surroundings unite for an authentic experience.

It is located on the largest private beach in Cozumel, a few minutes away from the colorful and abundant coral reefs that have made the island such an important destination. Located just 15 minutes from the Airport and 3.6 miles from downtown, the resort offers the best facilities in the Mexican Caribbean, maintaining the calmness and charm that has distinguished it throughout the years.

MEETINGS

At Presidente InterContinental® Cozumel Resort & Spa, you will find 4 ballrooms for up to 350 guests, which makes us the perfect venue for conventions or incentives groups, with open air spaces like gardens and beach areas, where cocktails and private dinners can be held.

OUR COMMITMENT

Whether you are planning a reception on the beach or a formal dinner with exquisite dishes, our experienced team will be your ally to achieve that special touch your event needs. We offer the best technology to help simplify the planning process, through virtual tours and interactive room maps.

FACILITIES

It has 221 guestrooms, including 6 Suites (one or two rooms each), all of them with private terrace or balcony. They were designed to highlight good taste, incorporating new amenities and technology.

Our beachfront rooms offer direct access to the beach, and for those who wish to pamper themselves in an environment of exclusivity. Our Reef, Ocean and Presidential suites offer personalized butler service on demand.

At our restaurants, you will have 4 unique culinary experiences, designed to satisfy even the most demanding tastes.

The wide variety of options, including regional flavors and international specialties, make the resort the leader of the destination.

One of them is Alfredo Di Roma Trattoria®, the world-famous Italian restaurant, invites you to enjoy its specialty, the authentic Fettuccine Alfredo, and an excellent cellar with the best wines. Also, there are different options for private dinners, whether in the privacy of your room or by the sea.

INSIDER COLLECTION

Truly memorable meetings and events with authentic local flavor are part of the InterContinental® inspiration through its Insider Collections. Our Insider Collections are a selection of tailor-made services with the aim of providing unique experiences.

INSIDER LOCATIONS

When you visit Cozumel, you will have the opportunity to share two places with your participants, where they will be able to learn more about the destination and Mexico. The Chankanaab Marine National Park is the place to be in touch with nature, swimming with dolphins, manatees and sea lions, as well as different species of turtles, corals and tropical fish. Another option is Discover Mexico, a museum with scale models of archaeological sites in Mexico and an art gallery.

INSIDER BREAKS

As a complement to your meetings, nothing like a break developed with the Mayan culture as an inspiration, or even a “green” option, that will allow participants experience a variety of dishes that will give your meeting a unique and different touch.

COZUMEL

INSIDER INTERACTIONS

There are many places to engage participants, but two of the most special are a visit to the lighthouse in Punta Sur and a snorkeling tour to “El Cielo”, where they will admire the natural wonders that Cozumel has to offer, like starfish, located in front of the world’s second largest reef system.

INSIDER COMMUNITY

Through this activity, participants can interact with children from an orphanage or partake in events to preserve nature, allowing them to be closer to the community and support a good cause.

INSIDER SPEAKERS

You don’t need to be a certified diver or have the best camera lenses to be able to listen and enjoy experiences from our speakers about sea or land life. A journey through images and stories will show you other sides of the destination and will invite you to explore beyond what you know.
